

DET NORSKE VERITAS

Folder: In-Place Machining Co
Cert. No.: NYK54192149-2
Place: Milwaukee, WI
Date: 2010-03-15
Office: DNV New York

CERTIFICATE

This is to certify that at the request of In-Place Machining Company the undersigned Surveyor did attend their Milwaukee, WI facility on November 06, 2009 and subsequently for the purpose of assessing their capability for carrying out METALSTITCH Repair Service using the 'Metalock' process under the terms of the Metalock International Association Member Scheme.

The organization is found to have highly skilled and experienced technicians / operators who are periodically trained, monitored and mentored to update their competence levels.

The organization shall keep Det Norske Veritas informed of the intended repair procedure.

The metal stitching process shall not be performed on castings or forgings for pressure vessels, boilers, Propellers and crankshafts or other components subject to cyclic loading.

This approval is issued subject to compliance with the requirements of Det Norske Veritas. Every repair job is required to be carried out with the consent and to the satisfaction of the Society's attending Surveyor.

The Certificate is valid until December 31, 2013 provided an intermediate audit is carried out with satisfactory results.

Mohan Rao
Principal Surveyor
Det Norske Veritas-NY

Allan Krogsgaard
Senior Surveyor
Det Norske Veritas-NY

If any person suffers loss or damage which is proved to have been caused by any negligent act or omission of Det Norske Veritas, then Det Norske Veritas shall pay compensation to such person for his proved direct loss or damage. However, the compensation shall not exceed an amount equal to ten times the fee charged for the service in question, provided that the maximum compensation shall never exceed USD 2 million. In this provision 'Det Norske Veritas' shall mean the Foundation Det Norske Veritas as well as all its subsidiaries, directors, officers, employees, agents and any other acting on behalf of Det Norske Veritas.
